LUEHR FILTER GMBH & CO. KG ...

LUEHR FILTER offers the know-how gathered from more than 75 years practical experience. In the course of these years we have installed plants for air pollution control for different applications in nearly all industrial fields all over the world. All plants are characterised by

- the reliable observance of the corresponding requested emission limit values, i. e. for particulate, acid crude gases such as HF, HCl and SO_x, dioxins / furans as well as heavy metals such as Hg and Hg-compounds
- a reliable continuous operation at lower maintenance
- low operating costs
